## Home Screen

## **Vessel Account Settings**

#### **Vessel Contact Information**

To view and edit vessel contact information, click on the 'Maintenance' tab and select 'Vessel Contact Information' from the dropdown menu.

	tion	
Vessel Permit		
Number		
Contacts		
Contact Type*	Value*	
PHONE \$	555-123-4567	×
ENAL A	nefsc.ptns.test@noaa.gov	×
EWAIL		

All of the phone numbers and email addresses associated with your PTNS account are listed on the 'Vessel Contact Information' screen.

#### To add a contact:

- 1. Click the '+ Add Contact' button.
- 2. Select the desired 'Contact Type' from the dropdown menu on the left-hand side.
  - a. 'Email' email addresses to receive automated alerts and other PTNS correspondence.
  - b. 'Phone' phone numbers to receive voice calls from providers and FSB staff.
  - c. 'Text' phone numbers you would prefer to be texted first before receiving a voice call.
- 3. Enter the desired contact (phone or email) into the blank field under 'Value'.
- 4. Click the Save button.

#### To delete a contact:

- 1. Click the red 'X' button next to the contact you want to delete.
- 2. Click the Save button.

While there is no limit to the number of contacts you can list on your account, you must have at least one phone number and one email address listed on your account in order to enter notifications in PTNS.

## **Entering New Notifications**

To enter new notifications of any type, users should navigate to 'Trips'>'Enter Trips' along the heading bar. The new trip entry screens collet the information necessary to determine a trip's selection status and facilitate the deployment of assigned observers.

To enter a new notification:

- 1. Click the 'Trips' tab and select 'Enter Trips' from the dropdown menu.
- 2. Verify the 'Fishery' listed is the principal fisher the vessel plans to participate in during the trip. Vessels will only see the options that match what type of permit(s) they have. For vessels with permits for both Northeast Multispecies and Herring there will be a dropdown option. Users should select the fishery for which they want to enter the current notification for. Vessels will only be able to enter for one fishery at a time. Note: If vessels are trying to switch fisheries for a specific day of if they don't know which fishery they want to notify for a given trip they should call PTNS staff to discuss options.

- 3. Select one of the following options from the 'Notification Type' dropdown menu which matches your intent.
  - a. Fixed-Date Notification- Short trips generally 1 or 2 days in length. Vessels often notify for blocks of consecutive sail dates. Fixed-date notifications and selection status apply to a single calendar day (0000-2359) and many not be delayed.
  - b. Flexible-Date Notification- Longer trips generally 3 or more days in length and may have longer turnaround times. Vessels have one active trip notification in the PTNS system at a time.
  - c. No-Effort- if you are taking a transit trips with product or acting as a carrier vessel. Vessels may not have any fishing activity if they notify for a No-Effort trip.

If you need assistance determining if you should be notifying for fixed-date or flexible-date notifications, please call the PTNS Team at 1-855-FISHES1 (1-855-347-4371) or email NEFSC.PTNS@noaa.gov.

- a. You will only be able to select available sail dates between 48 hours and 10 days in advance.
- b. You may need to scroll down the list of dates to see all available notification dates.
- c. If a notification already exists for a certain date, the box will be light blue, and you will not be able to select that date.

You cannot enter 2 notifications for the same day; your fixed-date notification selection status applies to any time you leave the dock within that calendar day.

- 5. If the default time listed is not the time you wish to depart:
  - a. Click the clock icon to the right of the desired date.
  - b. In the 'Select Departure Time' pop-up, click on the hour of the day that you plan to leave the dock. The system will only allow times that are 48 hours or more in advance. If not all times for that day are available, the 'First Available' hour will display on the lower right corner of the pop-up.

#### Port Sail

Select the port out of which you plan to sail. It will default to the port listed in the vessel's most recent notification. If your port is the same, no action is needed.

To change ports:

- 1. Click the dropdown field next to 'Port Sail'.
- 2. Hit the backspace key.
- 3. Begin typing the port name and select your port when it appears.

#### **Estimated Trip Duration (Days)**

Select the length of your trip, rounded to days. It will default to the estimated trip duration in the vessel's most recent notification. If your trip duration is the same, no action is needed. You will be able to select a length between 1-15 days for **fixed-date** or **flexible-date** notifications. As a reminder, these notification types have different rules. Contact the PTNS Coordinators if you need assistance determining if you should be entering fixed-date notifications or flexible-date notifications. This 'Estimated Trip Duration' field will not show up if the 'No-Effort' notification type is selected.

#### Exemption

If you are not participating in an 'Exemption or Exclusion,' the 'Exemption' field will be automatically listed as 'NONE'. No action is needed.

If you are fishing under <u>Framework 55 guidelines</u>, this exemption option will appear in the dropdown list. You should select the 'FW55:>=10 IN GILLNET IGB/SNE' exemption if you are fishing using XL gillnet gear, greater to or equal to 10 inch mesh, and fishing within the Southern New England/MA or Inshore Georges Bank Broad Stock Areas.

TRANSIT W/ PRODUCT	

- 'Set-Only' is for gillnet trips where the vessel will be setting gear only. This option only appears on the dropdown if a gillnet gear/mesh was selected. The screenshot above does not show Set-Only because a trawl gear was chosen for this particular notification.
  - Vessels may not haul any type of gear if they notify for a set-only trip.
- 'Transit W/ Product' is for trips where the vessel will be transiting under a groundfish VMS activity declaration code rather than 'Declaring out of Fishery' (DOF). It is rare for a vessel to need to notify as a groundfish transit with product.
  - Vessels may not have any fishing activity if they notify for a transit trip.

This field will only apply if, 'No Effort,' is selected for the 'Notification Type' field. See image below:

# Submit/Reset

If you make a mistake and need to start over, you may hit the 'Restart' button at any time.

To submit your notification, click the 'Submit' button once. It may take a moment for the site to go to the next page.

When a notification has been successfully submitted, each sail date is shown with its corresponding confirmation number (see image below).

If you get a pop-up for an overlapping trip error, you must edit the estimated trip duration of the existing notification before you can enter a new one. See 'Editing Notifications' below for further assistance (page 19).

#### Managing Trips

To view and edit existing notifications, click the 'Trips' tab and select 'Manage Trips.'

Selection status meanings:

- 'Pending' the final observer assignment status for the trip has not yet been determined.
- 'Waiver' the vessel can sail without an observer under that notification.
- 'Assigned' the provider accepted the trip and has an observer available.
- 'Deployed' there is an observer currently on board the vessel for this trip.
- 'Complete' the trip was successfully observed.
- 'Canceled' the trip did not or will not sail. Vessels may not sail on PTNS-eligible trips under canceled notifications.

• 'Unobserved' - the notification was entered post-sail by PTNS staff due to non-compliance. Vessel sailed without notifying 48 hrs - 10 days prior to the intended sail date.
